Davis County Launches Prescription Drug Discount Card That Can Be Used By All Residents

Discount Cards Offering Average Savings Of 20 Percent Off Retail Price

(Farmington, Utah) – Davis County today launched a discount card program to help consumers cope with the high price of prescription drugs. The county is making free prescription drug discount cards available under a program sponsored by the National Association of Counties (NACo) that offers average savings of 20 percent off the retail price of commonly prescribed drugs.

The cards may be used by all county residents, regardless of age, income, or existing health coverage, and are accepted at 46 pharmacies throughout Davis County. A national network of more than 57,000 participating retail pharmacies also will honor the NACo prescription discount card.

“Davis County is proud to be one of the 76 counties nationwide participating with NACo in this new program,” said NACo board member and Davis County Commissioner Dannie McConkie.

“The NACo prescription discount card offers significant savings for the uninsured and underinsured residents of our county. Even those fortunate enough to have prescription coverage can use the card to save money on drugs that are not covered by their health plan. Residents do not have to be Medicare beneficiaries to be eligible for this program,” he said.

Cards are available at all participating pharmacies, as well as at most offices of doctors, dentists, and veterinarians within the county. Also, cards may be picked up at all Davis County Government offices including five county libraries and three Senior Centers. County residents can call toll free 1-877-321-2652 for assistance with the program or visit the county’s website at www.daviscountyutah.gov/pdc for more information.

“Using the NACo prescription discount card is easy,” said Commissioner Carol Page, chair of the Davis County Commission. “Simply present it at a participating pharmacy. There is no enrollment form, no membership fee, and no restrictions or limits on frequency of use.

Cardholders and their family members may use the card any time their prescriptions are not covered by insurance,” Page said.

The program is administered by Caremark.

- END -

The National Association of Counties (NACo) is a full-service organization that provides legislative, research, technical and public affairs assistance to county governments. Created in 1935, NACo continues to ensure that the nation’s 3,066 counties are heard and understood in the White House and Congress.
